

MASTER PHOTOGRAPHY ROYAL ACADEMY OF FINE ARTS ANTWERP - TRY OUT  
28 FEBRUARY 19:00 TULPSTRAAT 79 2060 ANTWERP  
ENTRANCE THROUGH EXTRA CITY

# PREVIEW

Seven Masterstudents photography of the Royal Academy in Antwerp, will work during three weeks in a space kindly offered by Extra City. In this period, these young artists will edit their work, and experiment with display-methods to find an adequate way to present their master-project. Away from the familiar environment of the academy, but still sheltered from the demands of the art world, they have the opportunity to focus on their work without any immediate pressure. Their final degree-show will be held at the end of June 2013, so now is a good time to present their research for a first time to a larger audience.

You are very welcome to come and discover this PREVIEW on thursday 28th of February, from 19h. The artists will be present, and are happy to engage in a conversation about their work.
